Key Stage 2 Results 2019

2019 was the fourth year of the new Key Stage 2 tests in maths, reading and grammar, punctuation and spelling. The tests assess the children against the national standard. This year's tests reflect the new primary curriculum which was introduced in 2014.

Results in each test are reported using a scaled score. A scaled score of 100 represents the expected standard for each test; 100 or more means they are working at or above the expected standard in the subject; less than 100 means they may need more support to reach the expected standard. The highest scaled score possible is 120, and the lowest is 80.

In 2019 there were 24 children in the cohort, with each child equating to 4.2%. 38% of the cohort was on the Special Needs Register.

Progress

Progress scores are presented as positive and negative numbers either side of zero. A score of 0 would mean pupils in this school, on average, do about as well at Key Stage 2 as those with similar prior attainment nationally. A positive score means on average more progress than similar pupils nationally and a negative score means on average less progress than similar pupils nationally.

Average progress in Reading: -2.3

Average progress in Writing: -1.4

Average progress in Maths: -4.0
